

## Engineer Intern II

Come grow with GUY Engineering (GUY) where you will be an integral part of our team FROM DAY ONE as an employee owner in our Employee Stock Ownership Plan (ESOP). GUY provides civil engineering, roadway and bridge design, storm sewer design, waterline design, surveying, utility relocation management and planning services for clients throughout the State of Oklahoma. Our diverse expertise and experience allows us to serve clients within municipalities, counties, and the State of Oklahoma. From start to finish we take pride in the quality of our work and ability to maintain a high level of satisfaction with our clients. GUY has offices in Tulsa and Oklahoma City.

We are currently seeking to hire an **Engineer Intern II**, with 2-3 years of design experience, in our Tulsa office who, under close supervision, will assist with design and inspection assignments related to bridges, highways and other transportation-related structures by performing basic engineering calculations and other routine engineering related tasks within transportation design. In addition, the intern will assist with plan reviews, cost estimates, and report preparations. Working knowledge of AutoCAD and/or MicroStation is preferred as well as familiarization of ODOT design standards and policies.

Responsibilities include but are not limited to:

- Performing basic engineering calculations
- Design of roadway alignments based on ODOT and FHWA criteria
- Organizing information for use in drawings and other documents
- Manage work assignment for CAD technician and other support staff
- Assisting other engineers in various tasks and duties
- Use of computer-aided drafting software (CIV3D)

We offer an excellent benefit and compensation package including medical, dental, vision, life, disability plans and **two** retirement plans: a 401(k) and an ESOP.
